## Notes to Financial Statements June 30, 2017

### Note 1 – Nature of organization

The Henrico County Court Appointed Special Advocates, Inc. (Organization) is a non-stock corporation committed to advocating the best interests of children involved in the Juvenile and Domestic Relations District Court process. The CASA program recruits, trains, and supervises competent volunteers dedicated to representing the needs of abused and neglected children, as well as other children in juvenile dependency proceedings. The program promotes safe, permanent homes for children and seeks to educate the community concerning the needs of abused and neglected children. A significant level of annual financial support is provided through the government award programs which require CASA to adhere to certain compliance requirements.

### Note 2 - Summary of significant accounting policies

#### *Method of Accounting*

The financial statements of Henrico County Court Appointed Special Advocates, Inc., have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

#### *Basis of presentation*

Under FASB ASC 958, *Non-Profit Entities*, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. These classifications are based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified as follows:

Unrestricted net assets - Net assets that are not subject to donor-imposed stipulations, and are available at the discretion of the Board for use in the Organization's operations.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that will be met either by actions of the Organization and/or passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement activities as net assets released from restrictions.

Permanently restricted net assets - net assets subject to donor-imposed stipulations that they be maintained permanently by the Organization, and only the income is available as unrestricted or temporarily restricted, as per endowment or donor agreements. Currently the Organization does not have any permanently restricted net assets.

#### *Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### *Cash equivalents*

For purposes of the statement of cash flows, the Organization considers all highly liquid debt instruments originally purchased with a maturity of three months or less to be cash equivalents.

## Notes to Financial Statements June 30, 2017

### Note 2 - Summary of significant accounting policies (continued)

#### *Investments*

#### *Contributions*

All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

#### *Donated services, equipment and facilities*

Donated facilities, equipment, and/or services are included in contributions, at fair market value as of the date of donation.

This support is based upon use of office space as provided to the Organization by the County of Henrico at no cost. The value is recorded as income and expense in the Statement of Activities. The value is based on the current rental value of office space and amounted to \$19,800 for the year ended June 30, 2017.

In preparing these financial statements, the Organization has evaluated events and transactions for potential recognition or disclosure through August 18, 2017, the date the financial statements were issued.

**Note 7 - Fair value measurements**

The Organization records fair value adjustments to certain assets and liabilities to determine fair value disclosures. The fair value of certain assets and liabilities is an exit price, representing the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants.

Three levels of the fair value hierarchy are as follows:

Level 1 - Valuation is based on quoted price in active markets for identical assets and liabilities.

Level 2 - Valuation is based on observable inputs including quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar assets and liabilities in less active markets, and model-based valuation techniques for which significant assumptions can be derived primarily from or corroborated by observable data in the market.

Level 3 - Valuation is based on model-based techniques that use one or more significant inputs or assumptions that are unobservable in the market.

All investments and liabilities were measured at fair value by level one valuation, because they generally provide the most reliable evidence of fair value
